

Student Team Introduction

Team Name: SentinelX

About Our Team

We are a team of three enthusiastic engineering students from Renganayagi Varatharaj College of Engineering (RVCE), Sivakasi, Tamil Nadu. We are passionate about technology, innovation, and developing practical engineering solutions to solve real-world problems.

Our team members belong to the Electrical and Electronics Engineering (EEE) Department and have a keen interest in emerging technologies such as Embedded Systems, Internet of Things (IoT), Artificial Intelligence, Automation, and Smart Energy Solutions.

We actively participate in technical projects, workshops, and innovation activities to enhance our engineering skills. Our goal is to develop creative and impactful solutions by combining our technical knowledge with modern technologies.

About Our Institution

Renganayagi Varatharaj College of Engineering (RVCE), Sivakasi is a reputed engineering institution that focuses on quality technical education, innovation, and practical learning. The college provides a platform for students to develop technical skills through academic learning, projects, workshops, and research activities.

The institution encourages students to explore new technologies and participate in various technical events to improve their professional skills and engineering capabilities.

Team Members

1. HARISH RAJ G

Department: Electrical and Electronics Engineering (EEE)

Year: III Year

2. SIRANJEEVI K

Department: Electrical and Electronics Engineering (EEE)

Year: III Year

3. SURESH V

Department: Electrical and Electronics Engineering (EEE)

Year: III Year

Our Objective

To develop innovative technology-based solutions by applying engineering concepts and modern technologies, contributing towards a smarter and sustainable future.
